Dear Freedom of Information Officer:

ENVISION ENVIRONMENTAL, INC. (ENVISION) is in the process of conducting an ASTM Phase I Environmental Site Assessment (Phase I ESA) of the referenced property. As you are aware, a very important part of a Phase I ESA is to request and review federal, state and local environmental records of the subject Site and its adjoining properties. ENVISION would appreciate your cooperation in assisting us in determining if the subject Site has been adversely impacted by any spills or discharges of hazardous materials or petroleum products by the present or past operators of the subject Site, by adjoining properties, or other potential offsite sources that you may be aware of.

The following lists some of the information of interest regarding the referenced Site:

- Underground storage tanks (active, leaking, and removed);
- Site remediation activities for spills or UST removals;
- Hazardous waste generators listings and disposal records (RCRA);
- RCRA Permits (Part A+B, if applicable);
- Community Right-to-Know information (SARA);
- State permits relating to water, wastewater, air, etc. or other permits under the Clean Air Act or the National Pollutant Discharge Elimination System programs;
- Water quality (drinking water and groundwater) reports and existence of any wells for the subject Site and the surrounding area;
- Records of any asbestos materials onsite;
- Radon testing (local area or onsite);
